Job Experience:

– ART DIRECTOR / 2018-Present

Studio RA Boutique
studioraboutique.com

What originally started as an internship at a boutique in Seattle turned into a job giving me creative freedom. My responsibilities ranged from web design to photography and social media.

– PHOTOGRAPHER + OWNER / 2012-Present

Hannah Phillips Studio
hannahphillipsstudio.com

Since 2012, I have pursued photography. What started as a side passion quickly turned to something more. My business took off as soon as I graduated from high school as I had more time to take on clientele. I have shot over 50 sessions since 2018.

– SUPPORT / 2017-2018

Nordstrom- BP/Savvy/Topshop

For two summers I worked and commuted downtown Seattle to Nordstrom's flagship store. I supported the sales associates by organizing the floor, stocking inventory and checking customers out. I choose to give up much of my summer for a commute over an hour away because of my desire to gain retail experience from a larger company.
